1966 Ford

Galaxie 500 Convertible (above).

Galaxie's top stacks smooth and low. Ford's side-mounted Easy-Action top clamps make latching and unlatching almost as easy as raising or lowering the top (and that's done by electric power!). The top is durable 5-ply vinyl, available in your choice of black, white or blue. Stowed top is concealed under snug-fitting boot, all fasteners hidden.

Galaxie 500 2-Door Hardtop Interior.

Comfort and convenience, like the luxurious styling and appointments, all come standard. Seats are foam-cushioned, instrument panel and sun visors fully padded, floors completely carpeted. Seat belts front and rear, courtesy lighting all around. Your choice of six smart cloth-vinyl interiors (six all-vinyl options, as at right) in the hardtop, seven all-vinyl interiors in the convertible.

Options and Accessories

Ford's instrument panel is designed to be good looking *and* practical. Controls are grouped in front of the driver for visibility and convenience. Full-width padding is standard on *all* Fords. "Swept-away" panel design creates extra knee and leg room for driver and front seat passengers. Illustrated here are the following options: **Power Steering.** Integral-type unit. Steering effort reduced up to 85%. **Select-Aire Conditioner.** Outlets and
